Prijatelj slovenskega filma in častni gost /  
A Friend of Slovenian Cinema and Guest of Honour

Prosili so me, naj v nekaj stavkih pojasnim, zakaj sem si zaslužil tako časten naziv, kot je naziv *prijatelj slovenskega filma*.

Dokazovanje dolgoletne ljubezni do Slovenije bi lahko začel s prizorom, v katerem petletni deček z dedkovim cepinom, velikim skoraj toliko kot on, ponosno stoji sredi Logarske doline, pripravljen, da s starši osvoji hribe, ki ga obdajajo. Ali pa s podobo majhnega smučarja, popolnoma prekritega s snegom, ki na pionirskem prvenstvu v slalomu v Kranjski Gori osvoji le bronasto medaljo, ker pade tik pred ciljem. Ali pa gimnazijca, ki se na Krvavcu dela važnega pred rdečelaso Ljubljjančanko in si zaradi tega zlomi nogo ...

Omenjeno in še marsikaj drugega bi bilo primerno, če bi šlo za naziv *prijatelj slovenske narave in družbe*. Ker pa gre za film, se bom raje držal vprašanja, ki mi je bilo zastavljeno.

Menim, da se prvi razlog za prejem tega naziva skriva v dejstvu, da sem štiri celovečerne filme posnel v koprodukciji s slovenskimi produkcijami in producenti, in sicer Čarugo z Viba filmom in Josipom Košuto, Karavlo z Vertigom in Danijelom Hočevarjem, Naj ostane med nami s Studiem Maj in Dunjo Klemenc, Ustavo Republike Hrvaške s produkcijsko hišo Sever & Sever in Janijem Severjem. Vendar to še ni vse. Z istim producentom, čeprav zaenkrat neuspešno, poskušamo posneti peti film Vsega je enkrat konec, katerega naslov daje vedeti, da naj bi bil res zadnji med zadnjimi.

Poleg tega sem pri vseh svojih filmih, od prvenca Kar bo, pa bo pa do danes, sodeloval z izjemnimi slovenskimi filmskimi delavci – od igralk in igralcev, tonskih mojstrov, mojstrov digitalne postprodukcije, scenskih delavcev, snemalcev, maskerjev ter kostumografov do montažerjev in scenaristov.

Če to ni dovolj, se lahko pohvalim s pedagoškim delom. V grožnjanski Imaginarni

filmski akademiji sem v devetdesetih letih z mladimi slovenskimi režiserji pripravljal njihove prve igrane filme, od katerih so bili nekateri tudi posneti, poučeval sem na scenaristični delavnici Pokaži jezik, leta sem bil gost Rene Rusjan in Boštjana Potokarja na njuni Famul Stuart v Ljubljani, nato pa sem na koncu, ko sta se preselila v Novo Gorico, postal redni profesor na Akademiji umetnosti Univerze v Novi Gorici, kjer so mi pred nekaj leti podelili častni doktorat.

Ko se že na veliko hvalim, moram omeniti, da bo Slovenska kinoteka izdala prevod knjige Še ne povedane zgodbe in pripravila retrospektivo.

In na koncu, kar se mi zdi najpomembnejše, moram omeniti ljudi, ki sem jih spoznal na tem petdesetletnem filmskem potovanju – od Branka Šömna do Dušana Jovanovića, od Marjana Megliča do Milene Zupančič; s številnimi nisem samo sodeloval pri projektih, temveč je naše sodelovanje preraslo v nekaj več – v druženje, prijateljstvo. Nekaj od tega sem jim poskušal vrniti s svojim edinim čistokrvnim slovenskim filmom Vsaka dobra zgodba je ljubezenska zgodba.

P. S.

To razlogo sem prebral ženi, ki meni, da bi lahko na njeni podlagi mirno zaprosil za slovensko državljanstvo. Kaj pa vi menite? Če menite, dali smo mu prst, zdaj bi pa rad celo roko, pozabite, da sem vas kar koli vprašal.

I have been asked to write a few lines about why I think I deserve a title as honourable as a *Friend of Slovenian Cinema*.

I could start making my case to demonstrate my long-time love for Slovenia with a scene in which a five-year-old boy stands proudly in the middle of Logarska Valley with his parents, holding his grandpa's ice axe – which is almost as big as him – ready to conquer the mountains around him. Or with an image of a small skier, all covered in snow, finishing only third in a pioneers' slalom championship in Kranjska Gora after falling just before the finish line. Or a high school kid on a ski trip to Krvavec showing off in front of a red-haired girl from Ljubljana, only to break his leg...

These and many other stories would matter if the title was a *Friend of Slovenian nature and society*. However, as this is about cinema, I better stick to what I was asked to do.

I think the primary reason why I was chosen for this title is the fact that four of my feature films are co-productions with Slovenian production companies and producers: *Charuga* with Viba Film and Josip Košuta, *The Border Post* with Vertigo and Danijel Hočevar, *Just Between Us* with Studio Maj and Dunja Klemenc, *The Constitution* with Sever & Sever and Jani Sever. But there's more. With the latter producer, we have been trying, but so far failing, to make the fifth film, *Vsega je enkrat konec* (*Everything Ends Eventually*), which, as the title suggests, is really set to be the last one.

Furthermore, in all of my films, starting with my debut *If It Kills Me*, I have collaborated with extraordinary Slovenian film industry professionals – from actors, sound engineers, digital post-production experts, grips, camera operators, make-up and costume designers to editors and screenwriters.

As if this wasn't enough, I can mention my pedagogical efforts. At the Imaginary Film

Academy in Grožnjan in the 1990s, I helped young Slovenian directors develop their first fiction films, some of which would later get made. I taught at the *Show Your Tongue* screenwriting workshop. For years, I was a guest lecturer at Rene Rusjan and Boštjan Potokar's school *Famul Stuart* in Ljubljana. When they moved to Nova Gorica, I became a Professor at the School of Arts, University of Nova Gorica, where a few years ago, I was given an honorary doctorate.

While I am boasting, I could also add that the Slovenian Cinematheque is releasing a translation of my book *Untold Stories* and preparing a retrospective of my works.

Ultimately, and most importantly, let me mention the people I've met on this fifty-year-long cinematic journey, from Branko Šömen to Dušan Jovanović, from Marjan Meglič to Milena Zupančič. With many, our collaborations have grown into much more—into spending time together, into friendship. I have tried to give some of this back with my only full-blooded Slovenian film, *Every Good Story Is a Love Story*.

PS

I have read my case to my wife, and she thinks I could easily use it to apply for Slovenian citizenship. What do you think? If your reaction is, *We've given him an inch, and now he's taking a mile*, just forget I ever asked.

# Milena Zupančič

filmska in gledališka igralka  
/ film and theatre actress

# Prejemnica Badjurove nagrade za življenjsko delo 2022 / Recipient of 2022 Bajdura Lifetime Achievement Award

Milena Zupančič je ena najbolj prepoznavnih osebnosti sodobnega slovenskega filmskega in televizijskega prostora in ena od zvezd nekdanje skupine države, jugoslovanskega gledališča in filma. Rojena je bila 18. decembra 1946 na Jesenicah. V osnovno šolo je hodila na Bohinjski Beli. Kasneje, kot najstnica, je obiskovala gimnazijo na Jesenicah in že takrat je vedela, da želi postati igralka. Leta 1965 se je vpisala na igralski oddelek AIU (prof. V. Juvan) v Ljubljani, kjer je absolvirala leta 1969 z vlogo Claire v diplomski predstavi *Služkinji Jeana Geneta*. Od leta 1969 je bila članica Mestnega gledališča ljubljanskega, od leta 1979 SNG Drame Ljubljana, v letih od 1985 do 1987 je bila zaposlena v Slovenskem mladinskem gledališču, v letih 1987 in 1988 svobodna umetnica, od leta 1989 do upokojitve pa je bila ponovno članica SNG Drame Ljubljana. Obenem je gostovala v domala vseh slovenskih poklicnih gledališčih, v gledaliških hišah na ozemlju nekdanje Jugoslavije, kakor tudi pri neodvisnih produkcijah.

Čeprav je njen gledališki opus imozantan, je v igralski svet opazneje vstopila s filmsko vlogo, in sicer z vlogo študentke v filmu *Oxygen* (1970) režiserja Matjaža Klopčiča. V kolektivno zavest Slovencev se je vpisala z vlogama Presečnikove Mete v *Cvetju v jeseni* (1973) in Žašlerce v *Vdovstvu Karoline Žašler* (1976), obakrat v režiji Matjaža Klopčiča. Vendar bi bilo krivično, če bi omenjali zgolj najbolj prepoznavne igralske stvaritve Milene Zupančič. V več kot petih desetletjih nastopov na filmskem platnu in televizijskem zaslonu je ustvarila več kot 80 vlog, sodelovala je z največjimi avtorskimi imeni z območja nekdanje Jugoslavije. V svojih

igralskih stvaritvah je prestopala meje ustaljene filmske igre. Kot je v imenu Društva slovenskih avdiovizualnih igralcev, ki je nagrajenko predlagalo, zapisal Brane Završan: »Kompleksna osebnost Milene Zupančič se vedno kristalizira v mnogoteri pojavnosti vrhunske igralke v razponu vlog, ki segajo od »idealna čistega, v ljubezenskem prebujenju zgorelega dekleta«, preko socialno zavrnjene uporne ženske, spet družbeno kritične, eksperimentalno novovalovske, pa prepričljive zgodovinske junakinje, komedijsko dovršene stvaritve, od satire do romantične komedije, spet tragičnih žensk z vsem čutenjem usode, pa vse do senzualnih, čutnih in fatalnih žensk. Skozi vsa ta dela se kaže dovršena tenkočutna igra, ki upodablja polno domisljene in doživete vloge. Sposobna je ustvarjati v najrazličnejših slogih in žanrih. Vedno uprizarja žensko v njeni večplastnosti, do protislovnosti, v okviru naravnosti in prepričljivosti ekspresije, a z vsem zavedanjem svojega poslanstva to virtuzno podredi sporocilnosti celotnega filma. Njena igra ni obstala v varnem zavetju preizkušene metode, temveč jo nenehno nadgrajuje skupaj s celotnim razvojem sodobne filmske umetnosti.«

Za svoje igralsko udejstvovanje na filmu in televiziji je osvojila na desetine nagrad: srebrno in dve zlati areni na puljskem festivalu (1973, 1976, 1977), več nagrad Carice Teodore na filmskih srečanjih v Nišu (1973, 1976, 1977, 1985), dvakratni naziv igralke leta na Festivalih slovenskega filma (1976, 1985), nagrado SEE Actress za prispevek k slovenskemu in jugoslovanskemu filmu na Filmskem festivalu jugovzhodne Evrope (Berlin, Pariz 2019), častno nagrado Aleksandra Lifke

za izjemen prispevek k evropski kinematografiji na Festivalu evropskega filma (Palić, 2019) in seveda nagrado bert za življensko delo na področju filmske igre. Poleg filmskih nagrad je Milena Zupančič tudi prejemnica Borštnikovega prstana (1999), Prešernove nagrade za trajen prispevek k razvoju slovenske kulture (1993) in zlatega reda za zasluge za ustvarjalni opus na področju slovenske gledališke in filmske umetnosti ter zavzeto delovanje za kulturo solidarnosti, ki ji ga je leta 2016 podelil predsednik Republike Slovenije Borut Pahor.

Milena Zupančič s svojim delom, ki sega tudi onkraj filmskega in gledališkega ustvarjanja, močno označuje slovenski kulturni in družbeni prostor, zato je podelitev Badjurove nagrade za življensko delo gospe Mileni Zupančič priložnost, s katero izkazujemo svoje spoštovanje do igralkine več kot pol stoletja dolge ustvarjalne poti. Milena Zupančič nas s svojo neusahljivo ustvarjalnostjo vedno znova preseneti in prepriča, da še zdaleč ni rekla zadnje besede.

Milena Zupančič is one of the best-known figures in the contemporary Slovenian cinema and television landscape and one of the stars of former Yugoslavia, its theatre and cinema. Born on 18 December 1946 in Jesenice, Slovenia, Zupančič attended primary school in Bohinjska Bela before continuing her high school education in Jesenice, where, while still a teenager, her desire to become an actress first took root. In 1965, she started her drama studies at the Academy of Drama Arts (AIU) in Ljubljana with Prof V. Juvan, where she graduated in 1969 with the role of Claire in the graduation production of Jean Genet's *The Maids*. She became a member of the Ljubljana City Theatre in 1969, followed by the Slovenian National Theatre (SNT) Drama Ljubljana in 1979. From 1985 to 1987, she worked for the Mladinsko Theatre before going freelance in 1987-1988. In 1989, she rejoined the SNT Drama Ljubljana, where she stayed until retirement. Throughout her career, she appeared in virtually all Slovenian professional theatres, as well as in many theatres in former Yugoslavia and independent productions.

While her body of work for theatre is undeniably impressive, Zupančič had her first notable acting role in cinema, playing a student

in Matjaž Klopičič's *Oxygen* (1970). But it was her roles as Meta Presečnik in *Blossoms in Autumn* (1973) and Ms Žašler in *The Widowhood of Karolina Žašler* (1976), both also directed by Klopičič, that etched Milena Zupančič's name in the Slovenian collective psyche. That said, it would be unfair only to list her most prominent acting creations. In more than five decades of appearances on film and TV screens, Zupančič has been cast in more than 80 roles, working with the most highly acclaimed figures of Yugoslavian cinema. In her works, she pushed the boundaries of what was considered conventional film acting. On behalf of the Screen Actors Guild of Slovenia, which nominated Zupančič for the award, actor Brane Završan noted: "Milena Zupančič's complex personality is always distilled into this superb actor's staggering versatility, her roles ranging from 'the ideal of a pure young woman troubled by her sexual awakening', to rebellious social outcasts, socially critical, experimental, new-wave roles or compelling historical heroines, polished performances in comedy, satire, or romantic comedies, back to tragic roles of women fully cognizant of their fates, or the sensual, lascivious femme fatale. In all these, she demonstrates sensibility and perfection as an actor, bringing to life carefully crafted, deeply felt roles. Zupančič can work in a variety of styles and genres, always depicting women in all their complexity, along with contradictions, her delivery natural and compelling. But being aware of her mission, she masterfully subjects this to the overall message of the film. Never seeking refuge in tried and tested methods, her acting has continually grown in sync with the developing art of contemporary cinema."

For her work in cinema and TV, Zupančič has won dozens of awards, including one Silver and two Gold Arenas at the Pula film festival (1973, 1976, 1977), multiple Carica Teodora Awards at the Niš film festival (1973, 1976, 1977, 1985), two Actress of the Year Awards at the Festival of Slovenian Film (1976, 1985), the SEE Actress Award for contribution to Slovenian and Yugoslavian cinema at the South East European Film Festival

(Berlin, Paris 2019), the honorary Aleksandar Lifka Award for outstanding contribution to European cinema at the European Film Festival (Palić, 2019), and the Bert Award for Lifetime Achievements in film acting. In addition to awards in cinema, Milena Zupančič has also received the Borštnik Ring Award (1999), the Prešeren Award for lasting contribution to Slovenian culture (1993), and the Golden Order of Merit for her body of work in Slovenian theatre and cinema and her tireless efforts in support of the culture of solidarity, presented to her in 2016 by the President of the Republic of Slovenia, Mr Borut Pahor.

With her work that reaches beyond cinema and theatre, Milena Zupančič has left a lasting mark in Slovenia's cultural and social landscape. Presenting the Badjura Lifetime Achievement Award to Ms Milena Zupančič is, therefore, an opportunity to show our deep respect for a creative journey that has spanned more than fifty years. Milena Zupančič's inexhaustible creativity continues to amaze and makes us believe she is nowhere near her final curtain.

## DARKO SINKO

filmski režiser in scenarist /  
film director and screenwriter

Darko Sinko je diplomiral iz filmske režije na AGRFT. Po akademiji je snemal dokumentarne (npr. *Kritična generacija*, *Hiške*) in igrane filme (kratki *Sošolki*, celovečerni *Inventura*), za katere je bil večkrat nagrajen. ### MILOŠ TOMIĆ

režiser in avtor animiranih filmov /  
director and animation filmmaker

Miloš Tomić se že skoraj 30 let trudi biti filmski ustvarjalec.

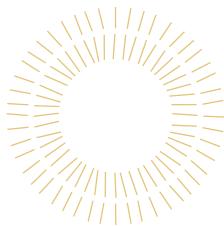

Za njim je nešteto poskusov v vlogi režiserja, snemalca, montažerja, celo igralca. Pred klasičnim filmom je pobegnil v stop animacijo, saj je upal, da bo tam našel več sreče in prepoznavnosti. Fasado smiselnega dela se trudi ohranljati s poučevanjem: vodi sloganovno zmedene, a kaotično očarljive potajoče delavnice. Poleg sanjarjenja o filmskem ustvarjanju se predaja kolažiranju papirja, zbiranju dragocenih odpadkov in igranju neznosne glasbe. Nekoč mu je v neki pivnici v Bratislavi nekdo plakal, da bi nehal igrati. In je. Nihče mu še ni plakal dovolj, da bi nehal delati filme.

Miloš Tomić has been trying to be a filmmaker for nearly 30 years. He made countless efforts in directing, recording, editing, even acting. Running away from classical films, he hid into stop-motion animation where he hoped to find luck and recognition. He tries to keep a facade of meaningful work by teaching: running traveling workshops in mish-mash style but with chaotic charm. Beside fantasies about filmmaking, he practices paper collaging, precious trash collecting and playing unbearable music. Once, in a pub in Bratislava, someone paid him to stop playing. And he did. However, nobody has yet paid him enough to stop making films.

*V mesecih, preživetih v studiu, smo se potrudili, da bi reko predstavili točno tako, kot smo jo doživljali: divjo, skrivnostno, a tudi krhko in ranljivo. Ta film je oda naši dragi prijateljici, ki ji grozi 12 novih jezov.*

*In the months working in the studio we did our best to portraiture the river exactly as we experienced it: wild, mysterious, but also fragile and vulnerable. This is an ode to a dear friend threatened with 12 new dams.*

Sava, ki iz osrčja Julijskih Alp teče skozi štiri države in številne pokrajine, vse do Beograda, kjer se izliva v Donavo, je za večino ekipe za in pred kamerami tega filma domača reka. Kljub temu, da živijo ob njej, pa mnogi nikoli ne izkoristijo priložnosti, da bi jo zares spoznali. Pridružite se štirim kajakašem na razburljivem 11-dnevнем popotovanju po celotnem slovenskem delu reke.

Flowing from the heart of the Julian Alps all the way to Belgrade, crossing four countries and many landscapes before reaching the Danube, the Sava is the home river for most of the team behind and in front of the camera of this film. But despite living next to it, many never use the chance to really get to know it. Join four kayakers for an exciting, 11-day journey across the entire Slovenian part of the river.

*Film se ukvarja z upanjem, osebnimi prepričanji in idejo o svobodi, v svojem bistvu pa govorí o spremembì - možnosti, ki jo imamo vsi.*

*The film explores hope, personal beliefs and the idea of freedom, but basically speaks about change – something at everyone's fingertips.*

Prijatelja iz majhne vasice predelata svoja mopeda v chopperja in se podata na pot. V iskanju svobode in ljubezni potujeta skozi sanje preteklosti in vizije prihodnosti. Na poti skozi Slovenijo in Hrvaško, ki sta se ravno odcepili od Jugoslavije, ju spremljata mlada ubežnica s skrivnostno preteklostjo in stari motorist. Osebne vrednote so na preizkušnji, svobodna volja pa pod vprašajem.

Two friends from a small village transform their mopeds into choppers and embark on a journey, traveling through dreams of the past and visions of the future, looking for freedom and love. On the road through Slovenia and Croatia, two countries just recently separated from Yugoslavia, they are accompanied by a young runaway woman with a mysterious past and an old biker. Personal values are tested and free will questioned.

*Delati s Kajo in Gajem je bila zame neponovljiva izkušnja. Na začetku snemanja sem ju gledal kot nadarjena otroka, na koncu pa sta zame postala izjemna igralca in odlična prijatelja. Vsak dan sem užival v njuni iskrenosti, neverjetni igri in vzdržljivosti.*

Devetletni Erik mora zaradi problematičnih staršev živeti v mladinskem domu. Njegova edina božična želja je, da bi šel domov, a namesto tega je izžreban, da božič preživi pri dobrodelni premožni družini, ki ima sedemletno hčerko Lučko. Sredi noči otroki v dnevni sobi zalotita Božička. Po spletu okoliščin se skrijeta v njegov avto in začne se pustolovština, v kateri se bodo obema izpolnile skrite želje, a ne tako, kot sta pričakovala.

Erik is a 9-year-old boy living in a children's home as his parents can't look after him. His only Christmas wish is to go home, but instead, he is selected in the draw to spend the holiday with a wealthy charitable family and their 7-year-old daughter Lučka. In the middle of the night in the living room, the kids catch Santa and hide in his car, starting an adventure that will have both their secret wishes fulfilled, but not in the way they've expected.

*Avtorji želimo s filmom osvetliti vse plati prihodnjega odnosa med konopljijo in družbo ter tako ljudi spodbuditi k razmišljanju in izobraževanju, ki bi vsakomur omogočilo dober in premišljen odnos do prihodnje medicinske in rekreativne uporabe konoplje.*

*With this film, we want to shed light on all the aspects of the future acceptance of cannabis in society, to encourage people to think and acquire information in order to form positive, informed opinions about future medical and recreational cannabis use.*

Dokumentarni filmski esej *Konoplja osvobaja* govori o aktivistih iz Slovenije, bivše Jugoslavije in drugod, ki so svoja življenja posvetili rabi konoplje. Nekateri so pri tem prišli v navzkrižje z zakonom, vsi pa so tako ali drugače stopili na pot konopljine revolucije.

*Cannabis Sets You Free* is a documentary essay about activists from Slovenia, former Yugoslavia and other countries who have dedicated their lives to cannabis use. While some have fallen foul of the law, all of them have somehow gone down the road of the cannabis revolution.

*V to karakterno zgodbo so vtkani spomini, sanje in občutki iz mojega lastnega otroštva, ko sem se naučila, kako delovati zrelo in modro, da sem lahko tako ohranjala bližino z odraslimi okoli sebe.*

*Woven through this character-driven story are memories, dreams, and feelings of my own childhood, where I learned how to appear mature and wise because this allowed me to maintain a certain closeness with the adults around me.*

Desetletna Moja živi v predmestju Melbourna z žalujočim slovenskim očetom in nosečo dvajsetletno sestro Vesno. Ker se ne more sprizniti z materino nenadno smrtno, se Moja raje pripravlja na rojstvo otroka, medtem ko se Vesna zapleta v lastne težave. Odločna in vedra Moja zaman upa, da bo Vesna sčasoma zapolnila praznino v njenem življenju, ki jo je za sabo pustila pokojna mama.

Moja is a 10-year-old girl who lives with her grieving Slovenian father and her pregnant sister Vesna (20) in an outer suburb of Melbourne. Unable to come to terms with the sudden loss of her mother, Moja focuses on the upcoming baby while Vesna is lost in problems of her own. Bright and resolute, Moja hopes that her big sister can fill the mother-shaped hole in her life.

*Orchestra is a film about the experience of switching off when going on the road, on a tour or a teambuilding trip. With this film, I wanted to explore this group dynamics and to discuss the Slovenian character, particularly its Zasavje-region variant.*

Razposajeni člani pihalnega orkestra potujejo na koncert v majhno avstrijsko mesto. Ob petju in zabavi opazujemo njihovo prešerno gostovanje skozi probleme različnih protagonistov in hkrati spremljamo, kako to brezskrbno uživanje dojemajo žene članov orkestra, ki ostanejo v domačem kraju. Pet zgodb zaobjame celotno izkušnjo gostovanja in posledice, ki bodo vplivale na vse vpletene.

Rollicking members of a brass band are on their way to a small Austrian town to perform there. Through the problems of select protagonists, the film follows them as they sing and frolic through their tour, while observing their wives back home and their feelings about their husbands' carefree ways. The entire tour experience in five stories, along with its implications for all those involved.

*Pripoved, ki jo navdihujo zgodovinska dejstva in resnične osebe, je razdeljena v različne ravni kinematografskega in animiranega filmskega jezika. Pri obeh pripovedih uporabljam igrano-esejističen pristop.*

*Pošvedrani klavir* je filmsko-glasbena povest o starem zapuščenem klavirju Bösendorfer model 225 subkontra f v studiu radia Slovenija. Izhodišča za zgodbe o klavirju v filmu so resnična, zgodovinsko utemeljena iz pisnih izročil in dokumentov. Dopolnjena so z izjavami in sklicevanjem na dve slovenski literarni predlogi. Pripovedna vez med vsem tem pa je plod domišljije in ustvarjalnega zanosa avtorjev.

*Nemi film Splei soprogi velja za prvi film v zgodovini filma, ki je posnet na način, kot ga poznamo danes. Izhodiščna ideja Ptičarja je, kako aktualizirati vizualno sugestivnost nemega filma skozi magičnost podob, ki odslikavajo duševno potovanje protagonistova.*

*Blind Husbands is considered the first film in history to have been made in the way we know today. The underlying idea of The Birdbreeder was to bring the visual evocativeness of the silent film up to date through the magic of images reflecting the protagonist's mental journey.*

When Ivo decides to finish Ana's score and starts preparing an unusual wake for her in the house where she died, life takes a turn for him and his family.

*Sanje afganistanskih deklet so univerzalne in se je z njimi preprosto identificirati, njihova kultura pa je veliko bolj zapletena in z drugih vidikov pogosto težko razumljiva. Film ne obsoja in ne zavzema nobene strani, ampak ponuja vpogled v čustveno nepredvidljivo potovanje smučarskih sanj.*

*The Afghan girls' dreams are universal and easy to identify with, while their culture is much more complex and sometimes hard to understand from the outside. The aim of the film is not to pass judgement or take sides, but to give an insight into the emotionally unpredictable journey of a melting dream.*

V afganistanskem mestu Bamyan tri lokalna dekleta pod vodstvom slovenske trenerke Ane sanjajo o tem, da bi postale profesionalne smučarke in se udeležile olimpijskih iger. A ko prispejo v Evropo na intenzivni trening, se soočijo z nepremostljivimi kulturnimi razlikami in neizprosnostjo evropskega profesionalnega športa.

In Bamyan, Afghanistan, three local girls trained by Ana, an instructor from Slovenia, dream of becoming professional skiers and compete at the Olympics. But when they arrive in Europe for intensive training, they face an unbridgeable cultural gap and the relentless reality of Europe's professional sport.

*Dvanajst igralcev nam je povedalo dvanajst različnih zgodb, ki so si na trenutke celo nasprotovale, večkrat pa se dopolnjevale in skupaj gradile zgodbo, ki je tako zelo zabavna, napeta in predvsem čustvena, da bi si je ne mogli izmisliti. Film 2017 nam zato še enkrat pokaže, da je življenje bolj neverjetno od fikcije.*

*Twelve players have given us twelve different accounts. At times, these were even contradictory, but more often complementary, weaving together into a story that is too witty, too suspenseful and above all too emotional to make up. 2017 shows us, one more time, that life is stranger than fiction.*

Celovečerni dokumentarni film 2017 obnovi zgodbo z evropskega prvenstva v košarki z besedami vseh dvanajstih igralcev, selektorja in njegovega trenerskega štaba ter vodstva reprezentance. Zgodbo so povzeli tako, kot so jo sami doživljali, s čimer postane precej drugačna od tiste, ki jo poznamo navijači. Včasih bolj kot besede govorijo čustva, ki so se prebudila v priopovedovalcih.

2017 is a documentary feature that tells the story of EuroBasket 2017 through the words of all twelve players, the head coach, his coaching staff, and the heads of the national team, who recounted the events the way they experienced them. This makes the story quite different from the one known to the fans. At times, their emotions say more than their words.

*Beli bojevnik v črni obleki je začel nastajati 2010, ko sem pisala Ivanu Krambergerju mlajšemu s pobudo za film o dvojnem portretu: o sinu, ki raziskuje zgodbo očeta Ivana Krambergerja, dobrotnika, inovatorja, politika, ki je bil umorjen na političnem shodu, ko je kandidiral za predsednika države. Film ni le dvojni portret dveh izjemnih Krambergerjev, to je portret o Sloveniji.*

*The story of The White Warrior in Black Suit started in 2010, when I wrote to Ivan Kramberger, Jr. with an idea to make a double portrait of a son exploring the story of his father, Ivan Kramberger, Sr., a benefactor, innovator, and politician who was killed during a political rally as a presidential candidate. The film is not just a double portrait of two amazing Krambergers; it is a portrait of Slovenia.*

Film, dvojni portret Ivana Krambergerja, sina in očeta, v žanru raziskovalnega dosjeja preučuje vpliv in vlogo Ivana Krambergerja (očeta) na osamosvojitvene procese v Sloveniji, ki jih Ivan Kramberger ml. raziskuje pred kamero za magistrsko nalogo s pomočjo intervjujev in z ogledovanjem bogatega arhivskega gradiva. To je zgodba sina v tridesetletnem iskanju resnice o očetu.

The film, a research dossier and double portrait of Ivan Kramberger the father and Ivan Kramberger the son, looks into the influence and role of Ivan Kramberger, Sr. in Slovenia's path to independence, a process investigated on camera by Ivan Kramberger, Jr. as part of his master's thesis, using interviews and extensive archive material. This is a story of a son and his 30-year long search for the truth about his father.

*Film pripoveduje zgodbo o premalo znanem dogodku iz slovenske vojne za samostojnost ter o ljudeh, ki so v zlih časih ostali dobri.*

*The film tells the story of a too-little-known event from Slovenia's War of Independence and of the people who managed to do good in evil times.*

Pod goro Peco, na Poljani, se začenja okrogla miza na temo 30. obletnice bitke za mejni prehod Holmec. Medtem ko spremljamo udeleženko okroglo mize dr. Mišo Zgonec-Rožej in njeno delo na Mednarodnem kazenskem sodišču v Haagu, se novinarka ORF Martina Steiner spominja svojega videnja vojne za Slovenijo na Koroškem in same bitke.

In Poljana, Slovenia, under Mount Peca, a panel discussion is organised to commemorate the 30th anniversary of the battle for the Holmec border crossing. While Dr Miša Zgonec-Rožej talks about her work at the International Court of Justice in the Hague, ORF journalist Martina Steiner recounts her experience of the Slovenian War of Independence, specifically the battle in question.

*Pomemben del našega filma je bil projekt iskanja domačih posnetkov, ki so še toliko bolj razgalili duh časa. Snemalke in snemalci tistega časa so namreč snemali tako, kot bi danes snemali dokumentarni film – observacijsko, brez komentarja.*

*A vital part of our film was the campaign to find home videos, which did an even better job revealing the spirit of the time. Back then, people made videos in the way documentaries are made today – observing without commenting.*

Zgodovinski observacijski dokumentarec, ki prinaša popolnoma nov in neobremenjen vpogled v duh časa in vsakdanjika prebivalcev Slovenije na križišču zgodovine. S pomočjo obsežne akcije zbiranja še nikoli videnih arhivskih in domačih video posnetkov film postavi gledalca v avdiovizualni časovni stroj in ga ponese v kaotično obdobje pred in med slovenskim osamosvajanjem ter po njem.

A historical observational documentary that gives a fresh and unbiased insight into the spirit of the time and the everyday life of people in Slovenia at the crossroads of history. Thanks to an extensive campaign of collecting the never-before-seen archival and home video footage, the film puts viewers in an audio-visual time machine and takes them to the chaotic period before, during and after Slovenia's independence.

*S filmom sem želel dati besedo ljudem, ki so spremenili našo zgodovino, velikokrat tudi na tih, neopazen in še ne slišan način. Želel sem jim dati mesto v celotnem procesu osamosvajanja. Iz obsežnega raziskovalnega dela sem črpal navdih za zgodbo družine, ki na svoj način pogumno prispeva k nastanku lastne države.*

*With the film, I wanted to give voice to people who changed the course of our history, often doing so in quiet, unnoticed and as yet unheard ways. I wanted to make them visible within the independence process. The extensive research gave me an inspiration for the story of the family and its own brave contribution to the birth of an independent country.*

Slovenija kot del Jugoslavije na robu gospodarskega zloma. Vrsta strateških odločitev in odločnih dejanj jo popelje na samostojno pot. Toda razglasitvi nove neodvisne države sledi napredovanje jugoslovanskih vojaških čet na njenem ozemlju. V vrtincu zgodovinskih dogodkov spremljamo družino, ki se znajde na križišču svojih prepričanj, želja in strahov. Sen 1991 je pripoved Slovenk in Slovencev o njihovem doživljjanju uresničitve sanj naših prednikov.

As part of Yugoslavia, Slovenia is on the verge of an economic collapse. A series of strategic decisions and firm actions takes it on a path to freedom, but its declaration of independence is immediately followed by Yugoslav troops advancing into its territory. In the maelstrom of history, we follow a family that finds itself at the crossroads of beliefs, desires, and fears. In Dream 1991, the people of Slovenia recount their experience of the events that realised their forefathers' dreams.

*Uporabil sem ptice, ki delujejo kot ironičen pogled na pripoved, pomenijo pa tudi princip Twitterja, ki ima v svojem logotipu ptico. Zato ptic nisem jemal smrtno resno kot napovedi dogajanja, ampak kot simbol sveta sloganov okrog nas, ki ga glavni liki ne vidijo.*

*Birds are there to create an ironic take on the story, and also to indicate the principle used by Twitter, which has a bird in its logo. So rather than a sombre marker foreboding action, they symbolise the world of slogans around us, which the main characters are unable to see.*

Ko se pokaže, da iz starega družinskega podjetja odtekajo ogromne vsote denarja, pride do soočenja z novo realnostjo, na katero ni pripravljen nihče. Ivo Róna, dolgoletni direktor uspešne firme Aron, skuša kocljivi situaciji priti do dna, pri čemer mu otroci in okolica niso ravno v pomoč, vrh vsega pa si jo je po vsej verjetnosti zakuhal sam.

When a family business finds out somebody has been embezzling large sums of money, the company is quite unprepared to face a new reality. Ivo Rona, a long-time CEO of a successful company called Aron, navigates the tricky situation, which is likely a consequence of his past actions and gets even worse as his children get involved.

*Povod za nastanek tega filma je radovednost: kako različni in kako podobni smo ljudem, ki so balkanski prostor naseljevali pred prihodom krščanstva, kako podobni in kako različni so sodobni ter tedanji čustveni in družbeni mehanizmi v kontekstu revščine, okupacije, izkoriščanja, etničnega in stanovsko-razrednega sovraštva ter nestrnosti.*

*The incentive for this film was curiosity: about our differences or similarities with the people who had populated the Balkan peninsula before the arrival of Christianity, about the similarities and differences between modern and the then emotional and social mechanisms in the context of poverty, occupation, exploitation, ethnic, sectoral and class hatred, and intolerance.*

Leta 37 pr. n. št. se mladi Ilir Volsus pridruži rimski enoti, katere na videz preprosta naloga pobiranja davkov se sprevrže v napeto in z nepričakovanimi obrati prepleteno srečanje z lokalnimi, dozdevno pokorjenimi ilirskimi plemeni. Skozi oči tega za Rimljane primitivnega barbarja spremljamo arhaičen, čustven svet čudnih, brutalnih zakonov in običajev, ki so našemu sodobnemu svetu podobni bolj, kot bi sprva pričakovali.

In 37 BC, a young Illyrian named Volsus joins a Roman unit whose encounters with local, supposedly subjugated Illyrian tribes turn its seemingly simple task of collecting taxes into a perilous journey full of unexpected twists. Through the eyes of the youngster, regarded by the Romans as a primitive barbarian, we see an archaic, emotional world of quaint and brutal laws and traditions, not all that different from our own.

*Vsi moji dokumentarni filmi so politični in pripovedujejo o uporu, čeprav je izhodišče vedno osebno: moja družina, moj materni jezik, izguba družinskih članov, izguba jezika in izguba spomina.*

*All my documentaries are political and tell about resistance, even though the starting point is always personal: my family, my mother tongue, the loss of family members, the loss of language and the loss of memory.*

Režiserka Andrina Mračnikar se v svojem najnovejšem dokumentarju *Izginjanje* poda v svojo južnokoroško domovino po sledi vprašanja, zakaj slovenski jezik in kultura čedalje bolj izginjata iz vsakdanjega življenja. Mračnikar skozi svoje družinske zgodbe razkriva sto let avstrijske zgodovine, ki je na Koroškem zaznamovana z zapravljenim priložnostjo, da bi slovenščino cenili kot obogatitev in kot nepogrešljiv del Avstrije.

In her latest documentary, *Disappearing*, Andrina Mračnikar explores her native southern Carinthia to discover why the Slovenian language and culture have been disappearing from everyday life. Through her family stories, Mračnikar uncovers a century of Austrian history that in Carinthia has been marked by the lost opportunity to appreciate the Slovenian language as a valuable element and an indispensable part of Austria.

*Zgodba o Mukhabbat, migrantki, ki se bori za svoje dostojanstvo in svobodo, je zame zelo osebna. V Rusijo sem prišel iz Uzbekistana pri svojih dvaindvajsetih letih in sem bil tudi takoj prikrajšan za vse državljanske pravice.*

*The story of Mukhabbat, a migrant fighting for her dignity and freedom, is very personal for me. I arrived in Russia from Uzbekistan when I was 22, and I was immediately denied all civil rights.*

Mukhabbat živi in dela v značilni samopostrežni prodajalni na obrobju Moskve. Tako kot drugi nezakoniti migranti v trgovini tudi ona za svoje delo ne dobi niti rublja in ni upravičena niti do kratkega predaha. Ko lastnik trgovine ugrabi njenega novorojenega sina, premaga obup in strah in si pribori svobodo. Zato mora zapustiti Rusijo. Doma, v Uzbekistanu, se začne boriti, da bi dobila nazaj svojega otroka.

Mukhabbat lives and toils in a typical convenience store on the outskirts of Moscow. Just like other illegal migrants in the store she does not get a single rouble for her work and is not allowed to take even a short break. When the owner of the store abducts her newborn son, Mukhabbat overcomes despair and fear, and wins back her freedom. For that she has to leave Russia. Back at home in Uzbekistan, she starts fighting to get her child back.

Panonskega morja ni več, ostala so samo žitna polja. Kulise večernega neba nad ravnino prikazujejo notranje pokrajine neskončnih puščav, osamljenih ljudi, ukročenih dežel, mirnih rek, skupnega sožitja. Film je hkrati intimni portret avtorja Marka Cvejića in subtilni prikaz njegovega odnosa s pokrajino, ki ga je oblikovala kot umetnika.

The Pannonian Sea has receded, giving way to cornfields. Against the backdrop of the evening sky above a vast plain, we can see the inner landscapes of endless wastelands, lonely people, tamed lands, peaceful rivers, and common coexistence. This is both an intimate portrait of the filmmaker, Marko Cvejić, and a subtle depiction of his relationship with the landscape that has shaped him as an artist.

Ko se je navzven zaradi virusa navidez vse ustavilo, je čas na družinski mizi zašel v svoja trajanja. Kdo lahko reče, kdaj se pomlad prelije v poletje? In koliko rož bo še ovenelo do zime? Čas pa kar ne neha mesiti novih dnevov. Svetloba sledi noči in prt se vedno znova umaže. Med tem, kar je bilo, in tem, kar še pride – utrip. In življenje, toliko življena.

Outside, during the pandemic, the time seemed to come to a standstill. But a family dining table continued to dictate its own rhythms: it observed light in the dead of night, spring passing into summer, fresh flowers replacing the wilted ones, its tablecloth being soiled and cleaned. It witnessed fragments of a family deposited on its surface and eavesdropped on the family conversations. It felt a pulse. And saw life – so much life.

Spominja se zvokov reke, v glavi ji še vedno odmeva topot škornjev vojakov SS, ki so korakali mimo njihove hiše, spominja se časov v gluhonemnici v Gradcu, kjer je spoznala moža, predvsem pa je našla prijateljico, s katero sta ostali povezani vse življenje.

A story of a 90-year-old deaf woman, who lost her hearing when she was 9. She can still remember the sounds of rivers, hear the stamping of SS soldier boots echoing in her head as they marched past their house. She remembers the time she spent in a deaf-and-dumb asylum in Graz, where she met her husband and, most importantly, found a friend she has stayed connected with for life.

Avtorico so pritegnili različni apokaliptični scenariji, ki bi lahko vodili v konec sveta, kakršnega poznamo. Na spletu najden vizualni material v obliki kratkih videov, memejev, fotografij, gifov, emotikonov in različnih zunanjih povezav je kolažirala s svojimi lastnimi deli ter tako ustvarila kompleksen in vizualno nasičen narativ, ki sledi tipičnim hollywoodskim filmskim premisam.

With this project, Sara Bezovšek was drawn to various apocalyptic scenarios that could lead to the end of the world as we know it. She collaged visual material found online in the form of short videos, memes, photographs, gifs, emoticons, and various external links, with her own works, thereby creating a complex and visually saturated narrative that imitates typical Hollywood-style film premises.

## 1/4 koraka Quarter of a Step

Borut Vrbančič je slepi gledalec filmov. Slika sploh ne obstaja, v film se vživi prek razkošja zvokov. Vsi si želimo doživeti to razkošje občutij, ki ga lahko ponudi film. Potem pa smo vsakič znova razočarani, ko tega ne dobimo. Ko bi se le premikali za 1/4 koraka.

Borut Vrbančič is a blind film buff. For him, the image doesn't exist, the way he connects with the film is through the wealth of sounds. We all hope to experience the wealth of emotions a film can stimulate, only to end up disappointed. If only we could move 1/4 step at a time.

Sinhroni gibi kita in potapljača ob potopih v podvodni svet prikazujejo vez človeka z naravo, ki se je čedalje manj zavedamo. Pozabljamamo sproščenost in igrivost, ki ju vidimo v kitovih skokih iz vode. Ali je to še mogoče vrniti v naše življenje?

The synchronized movements of the whale and the diver plunging into the deep show the human bond with nature, a connection we are becoming less and less aware of. Jumping out of the water, the whale embodies a relaxed playfulness we have forgotten about. Can we bring it back into our lives?

Djulsuma in njen vnučak Rok, odvisnik od drog, živita skupaj, vendar nujna komunikacija ne teče ravno najbolje. Babica dreza v Roka, on pa se vse bolj zapira vase, dokler se ne zlomi. Njun odnos začne cveteti šele, ko babica dojame, kaj Rok potrebuje, in mu to tudi da.

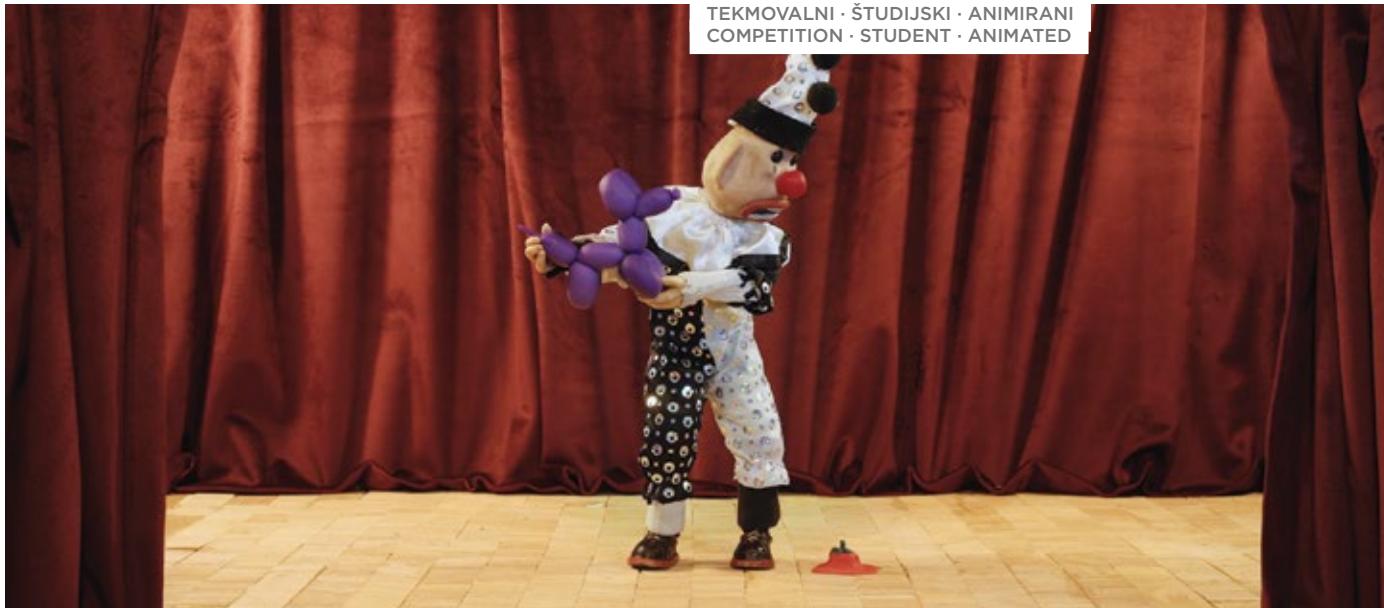

Djulsuma and her grandson Rok, a drug addict, live together but struggle to communicate. All grandma's attempts get Rok to close up even more, until he finally breaks down. It is only when she realises what he needs, and gives it to him, that their relationship starts to flourish.

Jure se je z Miho odpravil na negotovo pot proti Sloveniji, kjer se je že začela vojna.

Basketball coach Jure Zdovc and retired sports journalist Miha Žibrat revisit Rome, where Zdovc played his last games with the Yugoslavian national basketball team in 1991, when just before the EuroBasket semi-finals Ljubljana had instructed Slovenian athletes against playing for the team. Med mnogimi dramatičnimi epizodami obleganja Sarajeva v letih 1992 do 1996 je javnosti ostala prikrita zgoda o safariju z ljudmi. Redkim izbrancem je bilo znano, da je pri obleganju na srbski strani poleg Vojske Republike Srbske, prostovoljcev in plačancev delovala še ena, maloštevilna in skrivnostna skupina. To so bili premožni tujci, ki so plačevali visoke zneske, da so smeli streljati na prebivalce obleganega mesta.

Among the many dramatic episodes of the siege of Sarajevo in the years 1992 to 1996, the story of a human safari has remained concealed from the public eye. Few people knew that those fighting the war on the Serbian side were not only the Bosnian Serb Army, volunteers and mercenaries but also a small, clandestine group: wealthy foreigners who paid high fees for the chance to shoot at the residents of the city under siege.

Letalec, fotograf, alpinist, biolog in okoljevarstvenik Matevž Lenarčič na svojih poteh okoli sveta z ultralahkim letalom zbira podatke o črnem ogljiku, drugem največjem povzročitelju globalnega segrevanja. Z nenavadnim, včasih ekstremnim pogledom na svet želi sporočiti, da bo naš svet kmalu opustošen, če ne bomo spremenili svojih civilizacijskih vrednot.

On his journeys around the world in his ultralight aircraft, the aviator, photographer, mountain climber, biologist and environmentalist Matevž Lenarčič collects data about black carbon, the second largest forcing agent underlying global warming. His unusual, at times extreme worldviews send an urgent message: unless the values of our civilization change, our world faces devastation.

Pozabljeni fenomen mladinskega pevskega

V objemu globokega podeželja se Lidija, mlado dekle na prehodu med osnovno in srednjo šolo, sprašuje o odnosu do svojih staršev, bratov ter rojstnega kraja, ki ga bo kmalu zapustila in se podala v mestno življenje. Skozi drobne utrinke svojega vsakdanjika ponudi presunljiv prelez svojega mladostniškega življenja, ki je v majhni vasi brez pravih vrstnikov precej osamljeno.

Deep in the countryside, Lidija, a young girl just out of primary school, reflects on her relationship with her parents, brothers, and her birth place, which she is about to leave as she makes the shift to city life. Through snippets of her days, she provides a poignant insight into her rather lonely adolescence in a small village without any real peers.

Film ponudi vpogled v življenje voznikov tovornjaka in v težave, s katerimi se srečujejo. Od tega, da jim ob volanu leži fotografija družine, do kratkočasenja z gledanjem televizije in voznikov, ki jim družbo dela koledar golih deklet. Zgodbe z dolgih postankov, še daljših poti in iz kabin tovornjakov, ki so za mnoge dom.

The documentary gives an insight into the lives of lorry drivers and the trials and tribulations of being on the road. From having a family photo next to your steering wheel to killing time watching TV, or having calendar girls to keep you company. Stories from long stops, even longer trips, and truck cabs, which many call home.

Prva prava komedija, ki je nastala v Sloveniji, pripoveduje o treh sošolcih, ki jih čaka matura. Dogovorijo se, da mora Samo, eden izmed njih, osvojiti hčerko profesorja Kosinusa in tako priskrbeti matematične naloge. Ko Samo Vesno bolje spozna, se resno zaljubi vanjo in o nalogah noče več ničesar slišati. Medtem pa Vesna od Samovega sošolca izve za njihov načrt in Sama noče več videti.

The first full-blooded comedy made in Slovenia is a story of three students who try to pass their final exam by plotting for one of them, Samo, to woo the daughter of Prof Cosine to get the exam papers. But as Samo gets to know Vesna better, he falls head over heels in love with her and won't even hear about the scheme. Meanwhile, Vesna learns about it from Samo's schoolmate, and won't see Samo again.

## Premiera digitalno restavrirane različice filma / Premiere of the digitally restored version of the film

Film Vesna (1953) je v letu 2022 digitizirala in digitalno obnovila Slovenska kinoteka v sodelovanju s Slovenskim filmskim arhivom pri Arhivu Republike Slovenije in Slovenskim filmskim centrom, javno agencijo RS. Digitiziranje zvoka je izvedel laboratorij L'immagine Ritrovata iz Bologne, digitalno obdelavo zvoka pa podjetje Studio Ritem, Ljubljana.

Kot izvorni material je bil uporabljen 35-mm original negativ in negativ tona, ki ju hrani Slovenski filmski arhiv v zbirki SI AS 1086/951 Zbirka filmov.

Projekt je finančno podprlo Ministrstvo za kulturo Republike Slovenije. Projekcija filma je posvečena 50. obletnici smrti režiserja filma Františka Čápa, 120-letnici rojstva montažerke filma Milke Badjura in 110-letnici rojstva skladatelja Bojana Adamiča.

Nadaljevanje filma Vesna. Dekleta se pripravlja na zimske počitnice v gorah. Vesna se veseli, da bo z njimi tudi Samo, a se mora njen fant udeležiti gorskih reševalnih vaj. Ko v gorah Vesna na nebu opazuje letala, ve, da je v enem od njih tudi Samo. Samo pristane, a ob njem je lepa Zora. Vesna, ljubosumna in trmasta, ob vrnitvi v mesto ne najde miru.

The sequel to *Vesna*. Girls are getting ready to spend their winter holiday in the mountains. Vesna looks forward to going there with her boyfriend Samo, but he is urgently summoned to take part in mountain rescue training. In the mountains, Vesna sees planes in the sky and knows that Samo is in one of them. But when he lands, a beautiful girl, Zora, is there with him. Jealous and stubborn, Vesna returns to the city agitated.

Film dokumentira štirimesečni proces nastajanja gledališke predstave od prve vaje do premiere, hkrati pa odstira osebno življenje umetnikov ter pripoveduje univerzalno zgodbo o odnosu med resničnim in izmišljenim, zgodbo o odnosu med osebnim in javnim dojemanjem umetnosti. To je zgodba o ljubezenskem trikotniku in o večplastnem, popolnoma odkritem prepletanju javnih umetniških podob in osebnih življenj protagonistov.

The film documents a 4-month process of the making of a theatre piece from the first rehearsal to the dress rehearsal, while uncovering the personal lives of the artists and telling a universal story of the relationship between the real and the imagined, a story of personal and public perceptions of art. This is a story of a love triangle and of a multi-layered, entirely overt intertwining of protagonists' public artistic personas and their personal lives.

## Kader-sekvenca-revija Shot-Sequence-Magazine

Razstava naslovnic revije Ekran An exhibition of Ekran Magazine covers

Ciril Oberstar, nekdanji urednik revije za film in televizijo Ekran, je nekoč slikovito zapisal, da je oblikovna plat revije z izbiro tipa in barve papirja, fonta in velikosti črk, z umestitvijo fotografij oziroma s celotno grafično podobo kot nekakšno mesto, v katerem prebivajo besedila. In tako kot mesta rastejo in se spreminja, dobivajo nove ulice in parke, hiše v njih pa nove fasade, tako kot se tu in tam zapre kakšna kavarna in odpre nova knjigarna, tako se ves čas spreminja tudi podoba Ekrana. V šestih desetletjih obstoja revije Ekran lahko poleg sprememb, ki zadevajo oblikovanje in podobo revije, opazujemo tudi samo zgodovino oblikovanja v našem prostoru. Revijo in njene naslovnice so oblikovali najrazličnejši oblikovalci, umetniki in ustvarjalci, med njimi Matjaž Klopčič, Drago Kralj, Srečo Dragan, Vasko Pregelj, Cveta Stepančič, Miljenko Licul, Metka Dariš, Eva Mlinar in drugi. Ob 60-letnici izhajanja revije smo v sodelovanju z Muzejskim oddelkom Slovenske kinoteke pripravili razstavo naslovnic revije, ki ponuja slikovit vpogled v ključna obdobja oblikovalske zgodovine Ekrana med letoma 1962 in 2022.

Dogodek pripravljamo v sodelovanju z revijo Ekran, Slovensko kinoteko in Društvom Fipresci.

Ciril Oberstar, a former editor of the Ekran magazine for film and television, once vividly described the design of the magazine, including the type and colour of the paper, the typeface and font size, the role of photography, in short, its visual identity at large, as a city in which texts live. Just as cities grow and change, with new streets and parks appearing, and houses getting new coats of paint, just as a café may close down and a new bookshop may open, so, too, Ekran's identity never ceases to evolve. Over its six decades, one can trace not just the changes made to its visual identity, but also the history of design in Slovenia. The magazine and its covers have been designed by a long list of designers and artists, including Matjaž Klopčič, Drago Kralj, Srečo Dragan, Vasko Pregelj, Cveta Stepančič, Miljenko Licul, Metka Dariš, and Eva Mlinar. To mark the magazine's 60th anniversary, we have produced in collaboration with the Museum Department of the Slovenian Cinematheque, an exhibition of Ekran Magazine covers, to provide evocative insight into the key stages in the history of Ekran's visual identity between 1962 and 2022.

**The exhibition will open on Wednesday, 26 October, at 17:00 pm, with a short guided tour. It will be on display at Avditorij Portorož throughout the festival.

Film Education Strategy and Its Implementation:  
Presentation of Programmes by Slovenian  
Art Cinema Association and Other Entities

V začetku decembra 2016 je bila v skladu z Resolucijo o nacionalnem programu za kulturo 2014–2017 sprejeta Strategija razvoja nacionalnega programa filmske vzgoje. Cilji strategije so »zagotoviti dostopnost, sistematičnost in dolgoročnost filmske vzgoje v okviru kurikuluma in učnih načrtov ter v okviru kulturnih ustanov«. Zanima nas, koliko in kako so cilji doseženi v okviru formalnih (primer umetniških gimnazij) in neformalnih oblik filmske vzgoje (vzgoja kinoobiskovalcev). Z avgustom 2021 se je zaključil petletni izobraževalni projekt Art kino mreže Slovenije Filmska osnovna šola, namenjen pedagogom osnovnih šol po vsej Sloveniji. Predstavili bomo končno poročilo z rezultati projekta in s priporočili za nadaljnji razvoj filmske vzgoje.

In early December 2016, the National Film Education Programme Development Strategy was adopted in Slovenia in line with the Resolution on the 2014–2017 National Culture Programme. The objectives of the strategy were “to provide accessible, systematic and long-term film education as part of the school curriculum and as part of cultural institutions”. The event will look into how and to what extent these objectives have been met as part of formal (secondary art schools) and informal forms of film education (cinema audience education). August 2021 saw the wrap-up of the Primary School of Film, Art Cinema Association’s five-year education project for primary school educators across Slovenia.

The presentation will include its final report with project outcomes and recommendations for future development of film education.

Film As a Bridge to Parallel Realities:

360-stopinski video, virtualna resničnost, nadgrajena resničnost, mešana resničnost, metaverzumi, hologrami, umetna inteligenco ... To je le nekaj inovativnih tehnologij, ki ustvarjalcem omogočajo povsem nove pristope v pripovedovanju zgodb, gledalcem pa s potopitveno izkušnjo razširjajo kinematografsko doživetje in jim omogočajo spoznavanje novih dimenzij vzporednih svetov.

Na delavnici razširjene resničnosti (XR) bo poleg same tehnologije mogoče preizkusiti tudi obstoječe kreativne rešitve za (filmski) storytelling in raziskovati potenciale, ki jih te nove tehnologije omogočajo.

360° video, virtual reality, augmented reality, mixed reality, metaverses, holograms, artificial intelligence... These are just some of the innovative technologies that allow creators new approaches to storytelling, while giving the audience an immersive experience to expand their cinematic experience and enable them to explore new dimensions in parallel universes.

The extended reality (XR) workshop is a chance to try out the technology and the existing creative solutions for storytelling (in cinema), and explore the potentials of new technologies.

**Intimni prizori na filmu – posvet Društva slovenskih avdiovizualnih igralcev**

On-screen Intimacy: Panel by the Screen Actors Guild of Slovenia

Intimni prizori na filmu so bili tema strokovnega programa letošnjega igralskega festivala Krafft. Ob odprttem dialogu na okroglih mizah, z delavnico vodilne britanske koordinatorke za intimne prizore Ita O'Brien in predstavljivo britanskih smernic za snemanje teh prizorov smo pridobili dragocena spoznanja in nova orodja za snemanje intimnih prizorov. Polje je specifično, z obilo skritih pasti in zadreg, smernice pa jih prepoznaajo in predvidevajo. Z njimi smo dobili v uporabo odličen referenčni material z jasnim protokolom – kodo komunikacije, ki lahko vse udeležene sektorje pri realizaciji intimnih scen varno in jasno vodi od priprave pa vse do cilja. Smernice bi radi prilagodili slovenski praksi in jih postavili za standard pri snemanju AV produkcij. Kako? O tem se bomo pogovarjali s kolegi režiserji, snemalcami in producenti. Pogovor bo vodila Mojca Fatur, članica upravnega odbora Društva DSL.

On-screen intimate scenes were one of the topics of this year's Krafft festival industry programme. Thanks to a very open dialogue at round tables, a workshop with the leading British intimacy coordinator Ita O'Brien, and a presentation of British on-screen intimacy guidelines, we have gained precious knowledge and new tools for shooting intimate scenes. Identifying and anticipating the pitfalls and discomforts of this very specific area, the guidelines make for excellent reference material with a clear protocol – a communication code that can guide all the players involved in shooting intimate scenes safely and firmly from the first arrangements to the finish

line. The aim is to adapt the guidelines to practice in Slovenia, and make them a norm in making audio-visual works. How? This will be the topic of our discussion with fellow film professionals: directors, cinematographers, and producers. Chaired by Mojca Fatur, member of the governing board of the Screen Actors Guild of Slovenia.

**Vse, kar ste vedno želeli vedeti o filmu, pa niste upali vprašati filmskih kritikov – javni uredniški sestanek revije za film in televizijo Ekran**

Everything You Always Wanted to Know About Film but Were Afraid to Ask Film Critics – Public Editorial Meeting of Ekran Film and Television Magazine

Pred natanko 60 leti, v prvi številki revije za film in televizijo Ekran, ki je izšla oktobra 1962, so tedanji uredniki kot poslanstvo revije navedli: »Razvijati kulturni potencial najširšega kroga ljubiteljev filma, da bi srečanje s filmom ne bilo samo trenutek razvedrila in zabave, temveč pomembno kulturno doživetje, ki naj človeka osvešča in notranje zadovoljuje.« Tudi danes uredništvo Ekrana meni, da mora biti ustvarjanje kvalitetne filmske revije in s tem posledično boljše filmske kulture stvar vseh nas. Zato vse zainteresirane in željne filmske debate vabimo na kavo, rogliciček in prvi javni uredniški sestanek. Vabimo vas k sodelovanju s predlogi, pripombami, nasveti, kritiko in predvsem vprašanji. Zanima nas, kaj v reviji pogrešate. O čem bi morali po vašem mnenju pisati več? Kaj bi lahko delali bolje? Dogodek smo pripravili v sodelovanju z revijo Ekran.

Exactly 60 years ago, in the first issue of the Ekran Magazine for Film and Television released in October 1962, its then editors described the mission of the magazine: "To develop the cultural

potential of film enthusiasts as broadly as possible, to make sure encounters with cinema are not merely entertainment and fun but relevant cultural experiences that should raise people's awareness and give them inner satisfaction." To this day, the editorial board of Ekran believes that making a good film magazine and, in turn, enriching film culture is everyone's concern. This is why we invite all those interested and eager to engage in film discussions for coffee, croissant, and Ekran's first public editorial meeting. We will be happy to hear your suggestions, comments, praise and criticism, and questions. What is it that you miss in the magazine? Is there anything we should write more about? What could we do better? Organised in collaboration with Ekran Magazine.

The screening of *Every Good Story Is a Love Story*, a documentary about a creative process

imbued with the protagonists' life stories – or vice versa: about a life story inextricably connected with creativity – will be followed by a Q&A, in which festival guests Milena Zupančič, actor and the 2022 Badjura Award recipient; Rajko Grlić, screenwriter, director and the festival's 2022 "Friend of Slovenian cinema"; screenwriter Branko Šömen; and screenwriter and director Matjaž Ivanišin will talk about the making of the film, a creative process characterised by the collaboration between a myriad of individuals. Shot-Sequence-Magazine – Opening of an exhibition of Ekran Magazine covers

V šestih desetletjih obstoja revije Ekran lahko poleg sprememb, ki zadevajo oblikovanje in podobo revije, opazujemo tudi samo zgodovino oblikovanja v našem prostoru. Panel discussion by AIPA

Na tradicionalnem posvetu, katerega strokovni partner je AIPA, bo poudarek na nedavni implementaciji Direktive o avtorski in sorodnih pravicah na enotnem digitalnem trgu.

V pogovoru z imetniki pravic in strokovnjaki bomo osvetlili, kaj je veljalo od leta 1995 do danes, kaj prinaša ravnokar sprejeta zakonodaja avtorjem, kaj igralcem in kaj producentom, zaključili pa z razpravo o izzivih, ki ostajajo.

The traditional panel discussion held in partnership with AIPA, an organisation for the collective enforcement and securing of the rights of the authors, performers, and producers of audio-visual works, will focus on the recent implementation of the Directive on copyright and related rights in the Digital Single Market.

The discussion with rights holders and experts will shed light on the situation between 1995 and today, and the changes the newly-adopted legislation brings for authors, performers, and producers, concluding with the challenges that remain to be resolved.

### Glasba in film – predavanje Mitje Reichenberga

Music and Film: Lecture by  
Mitja Reichenberg

Glasba je bila v filmu prvič uradno uporabljena leta 1927 (*Pevec jazzza*), slovenska filmska produkcija pa se je temu pridružila precej kasneje. Prvi zvočni film namreč beležimo šele dobir 20 let za tem – to je vsem znani *Na svoji zemlji*. Od takrat pa do danes se je predvsem v tehničnem smislu na tem področju marsikaj spremenilo, slovenski film pa je tudi prehodil malo več kot 70 let dolgo pot, do katere smo lahko kritični ali prizanesljivi, lahko jo vrednotimo in lahko jo primerjamo s siceršnjo filmskoglasbeno produkcijo Evrope in sveta. Na dogodku se bomo ozrli v zgodovino filmske glasbe, se vprašali, kaj je bilo nekoč drugače, ter poskušali ugotoviti, kam ta ladja plove, predvsem v luči rastoče glasbene (in filmskoglasbene) industrije. Predaval bo Mitja Reichenberg, slovenski skladatelj in cineast.

If the first film to include synchronised recorded music was released in 1927 (*The Jazz Singer*), it was more than 20 years later that Slovenian filmmakers followed suit with their first ‘talkie’: the well-known *On Our Own Land*. Technically, much has changed since, and Slovenian cinema has made a journey spanning more than 70 years. One can be critical or lenient, one can try to assess it or compare it with developments in film music

in Europe or worldwide. The event will look into the history of film music, examine major changes, and try to see its future trends, especially in light of the growing music (and film music) industry. A lecture by Mitja Reichenberg, a composer and writer on film.

**Posvet Film in turizem, 2. del**

Cinema and Tourism, Part Two: Panel discussion

Eden osrednjih dogodkov strokovnega programa je že lani nanizal veliko dejstev o dinamiki medsebojnega učinkovanja filma in turizma. Na letošnji posvet bodo zopet vabljeni predstavniki vseh pomembnejših mednarodnih festivalov v istrski regiji, ki so že izčrpano opisali vpliv filmskih festivalov na turistično ponudbo kraja, v katerem se dogajajo, izmenjavo njihovih pozitivnih izkušenj pa bi letos radi nadaljevali. Predstavili smo tudi strategije razvoja istrskih turističnih organizacij ter slovenskih in hrvaških občin, katerih politika kulturnega turizma vedno pogosteje vključuje mednarodno filmsko produkcijo in filmske dogodke. Na posvetu bomo temeljiteje osvetlili novejši trend vpliva filmskih lokacij na njihov turistični razvoj. Posvet, ki se ga bodo udeležili pomembni izvajalci filmske vzgoje in predstavnica Ministrstva za kulturo RS Nina Ukmari, bo vodila Jelka Stergel.

Last year, one of the main industry events provided valuable insights into the interplay between cinema and tourism. This year, representatives of all key international film festivals in Istria who gave us in-depth accounts of their festivals' impact on tourism in their respective locations, will be invited to follow-up on their exchange of positive experience. Development strategies of tourist organisations and Slovenian and Croatian local communities from Istria indicate that their cultural tourism policies increasingly include international film production and film-related events. The discussion will shed light on the recent trend of filming locations impacting the development of a tourist destination. The discussion with participation of prominent

film education professionals and representative of the Slovenian Ministry of Culture, Nina Ukmari, will be chaired by Jelka Stergel.

### **Kino Ekran: František Čáp 50!**

Ekran Cinema: František Čáp 50!

Letos mineva 50 let od smrti Františka Čápa (1913–1972), filmskega ustvarjalca čeških korenin, ki je v začetku 50. let iz Nemčije na povabilo direktorja Triglav filma Branimirja Tume prišel v Slovenijo oziroma v takratno Jugoslavijo, kjer je med letoma 1953 in 1965 ustvaril 12 filmov. Čáp je pridobil jugoslovansko državljanstvo in se za stalno naselil v Piranu, kjer je tudi pokopan. Marcel Štefančič, jr., v knjigi Na svoji zemlji Tumovo dejanje označi za »vzionarsko«, saj je z njim odprl slovenski film svetu.

O Čápu, njegovem življenju, delu, vlogi in pomenu za slovensko kinematografijo bosta pred projekcijo filma *Ne čakaj na maj* (1958) spregovorili filmski kritičarki in sodelavki revije Ekran Anja Banko in Ana Šturm. Dogodek smo pripravili v sodelovanju z revijo Ekran.

This year marks the 50th anniversary of the death of František Čáp (1913–1972), a Czech-born filmmaker who moved from Germany to Slovenia in the early 1950s at the invitation of the director of Triglav Film, Branimir Tuma, and went on to make 12 films in the then Yugoslavia between 1953 and 1965. Čáp obtained Yugoslavian citizenship and settled in Piran, where he was buried. In his book *Na svoji*

zemlji ('On Our Own Land'), Marcel Štefančič, Jr., described Tuma's move as "visionary", one that opened Slovenian cinema to the world.

Before the screening of *Don't Whisper* (1958), join us for a discussion about Čáp, his life, work, role in and significance for Slovenian cinema with film critics and Ekran Magazine contributors, Anja Banko and Ana Šturm. Organised in collaboration with Ekran Magazine.

cinema euro

Z Lansko edicijo je festival uvedel filmski evro, s katerim smo študentom filmskih smeri na Ljubljanski AGRFT in Akademiji umetnosti Univerze v Novi Gorici omogočiti bivanje na festivalu. Da bi bili lahko na festivalu prisotni vse festivalske dni, smo uvedli simbolični prispevek 1 € ob vsaki kupljeni ali prevzeti vstopnici. Filmski evro bo že vštet v ceno vstopnice. Ob prevzemu vstopnic ga bodo poravnali tudi akreditirani gostje, občani občine Piran ter povabljeni na otvoritveno in zaključno slovesnost. Plačila bodo oproščeni le akreditirani novinarji, ki so na festivalskih projekcijah prisotni po službeni dolžnosti. / Last year's festival edition introduced the so-called *cinema euro for film students*, a tool to provide festival accommodation for students of AGRFT, University of Ljubljana, and the School of Arts, University of Nova Gorica. The token surcharge of €1 on every issued ticket was introduced to enable them to stay in Portorož for the entire festival. The cinema euro is included in the ticket price. The surcharge is also payable on the tickets that were previously free-of-charge: for accredited delegates, residents of the Piran municipality and invitees to the opening and closing ceremonies. An exemption only applies to accredited members of the press, who attend festival screenings in the course of their duties.

**1** Velja za vse projekcije. / Applicable to all screenings.

**2** Upokojenci uveljavljajo popust s kartico upokojenca ZPIZa , otroci z zdravstveno izkaznico, študenti in dijaki s študentsko oziroma dijaško izkaznico z nalepko za tekoče šolsko leto ali indeksom. Brezposelni uveljavljajo popust z veljavnim potrdilom oz. odločbo Zavoda RS za zaposlovanje, ki izkazuje status brezposelne osebe, in osebnim dokumentom. Spremljevalci hendikepiranih oseb imajo prost vstop. / Senior citizens can claim their discount with a ZPIZ senior citizen card, children with a health insurance card, students with a valid student card. Unemployed persons can claim their discount with a valid certificate of registration with the Employment Service of Slovenia, and an identity document. Disabled persons are entitled to one helper ticket free of charge.

**3** Prevzem vstopnic za vse projekcije je možen pri blagajni Avditorija in Monforta s predložitvijo osebnega dokumenta. / Tickets for all screenings can be collected at Avditorij and Monfort box offices upon presenting an identity document.

**4** Nakup vstopnic Četrtu zastonj je možen samo pri blagajni Avditorija Portorož / Fourth ticket for free only applies at the Avditorij Portorož box office.

This figure is a grayscale heatmap representing a spatial distribution. The background is a uniform light gray. Darker gray dots are scattered across the area, forming two distinct clusters. One cluster is located on the left side, consisting of several dots arranged vertically. The other cluster is on the right side, also consisting of several dots arranged vertically. There are a few isolated dots scattered in the center and bottom areas, which do not form any clear clusters.
